Advent Calendar

2022

Selection

# Dear relation,

---

Hereby we kindly present you our special **Advent Calendar Selection** for 2022, including different products and packaging options to develop a calendar that will excite your customers!

We carefully selected different kinds of wellness, fun, playful and stimulating products that will amplify the excitement customers experience with advent calendars. In this package, you will find packaging and formula samples from the Advent Calendar Selection to help you in the process of the development of your own advent calendar for next year.

As we are specialized in developing and producing products for advent calendars, we are happy to think with you for other possibilities when you might have other ideas for your calendar. The included samples are only an indication of the possibilities, as we can offer more options that may fit your brand and calendar theme even better.

The bottles are available in more colours and in different sizes that are optimal for advent calendars. In this Advent Calendar brochure you can find multiple options. Also for formulas, we have a wide range available that you can choose for your advent calendar. Included is a complete overview of all our formulas. If you need more information on any of the formulas listed in the overview or on the packaging possibilities, please do not hesitate to contact us.

All our products are also suitable to add to your regular assortment with even more packaging options. When you see a formula that you would like to add to your regular assortment instead, you can request the desired product at our sales department. We will assist you further with all the details and possible packaging options.

We are informing you in time as we advise you to start the preparations of your next advent calendar now. Delivery times are continuously increasing every day, so an early start of the preparations and development is necessary to make sure your calendar is ready in time.

If you have any questions on the samples you have received or on the possibilities for your advent calendar, please do not hesitate to contact us and we are happy to assist you further.

Let us know your feedback and we are happy to work together to realize your new advent calendar for 2022 and make it a great success!

Kind regards,

**The Cobeco Pharma Team**

## Massage Oil

A massage oil helps make massages go smoother by making the skin slippery to prevent irritation due to friction. It provides a smooth and gliding feeling and moisturizes the skin for more comfort and relaxation. Massage oils come in many different variants with different textures, fragrances and other properties such as a warming effect.

## Toy cleaner

Toy cleaners provide an extra hygienic cleaning of erotic toys to secure the hygiene and durability. With a toy cleaner, it is important to make sure it will not affect and damage the material of the toy. By maintaining the quality of your erotic toys, you can continue to enjoy your erotic toys hygienically.

## Roommist

The Enhancing Roommist creates an aromatic room atmosphere that enhances your home. With just a few sprays, you can change the ambiance in the room and you will feel your mood embracing this new aromatic experience. All available fragrances are on request.

*Scents are on request.*

## Essential Oil

Essential oils are concentrated extractions from plants and are mostly used in aromatherapy to support the body and mind. Each essential oil has its own characteristic essence and benefits, such as reducing stress, anxiety, headaches or improving sleep. An essential oil can be used in a diffuser or applied directly to the skin. All available essential oils are on request.

## Oral Love Gel

The Oral Love Gel brings a tasty and exciting experience to oral sex that makes you want to taste more. This soft and easy spreadable gel for the erogenous zone is available in three different sensual tastes: sexy and seductive "Strawberry", hot and steamy "Tropical" and sweet and spicy "Vanilla".

## Delay

What to do when you experience premature ejaculation? Using the right products can help you with delaying the orgasm and help you with extending the moment. Delay products can have different textures like creams, gels and sprays. The addition of clove oil can help to increase the delaying effect of the product thanks to the extra cooling properties and provide more pleasure.

## Lubricant

An intimate lubricant provides a smooth experience during sexual intercourse by complementing the natural body moisture. Intimate lubricants have a gliding texture with a hydrating and moisturizing effect to provide more comfort. Intimate lubricants come in many different variants with different textures, fragrances and other properties such as a warming or cooling effect.
